

Installation of Xilinx SDK

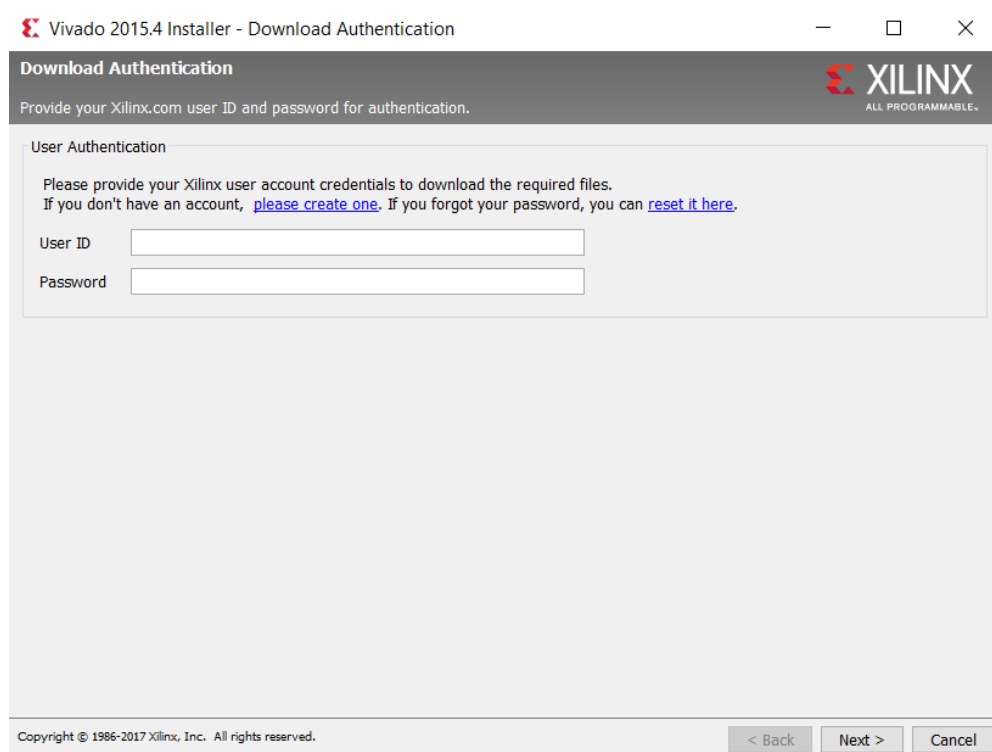

1. Check whether Xilinx SDK is installed in your system. Go to start -> Xilinx Design Tool and then check for Xilinx SDK.

2. If XSDK is not installed then go to start -> Xilinx Design Tools -> then click on Add Design Tools or Devices.

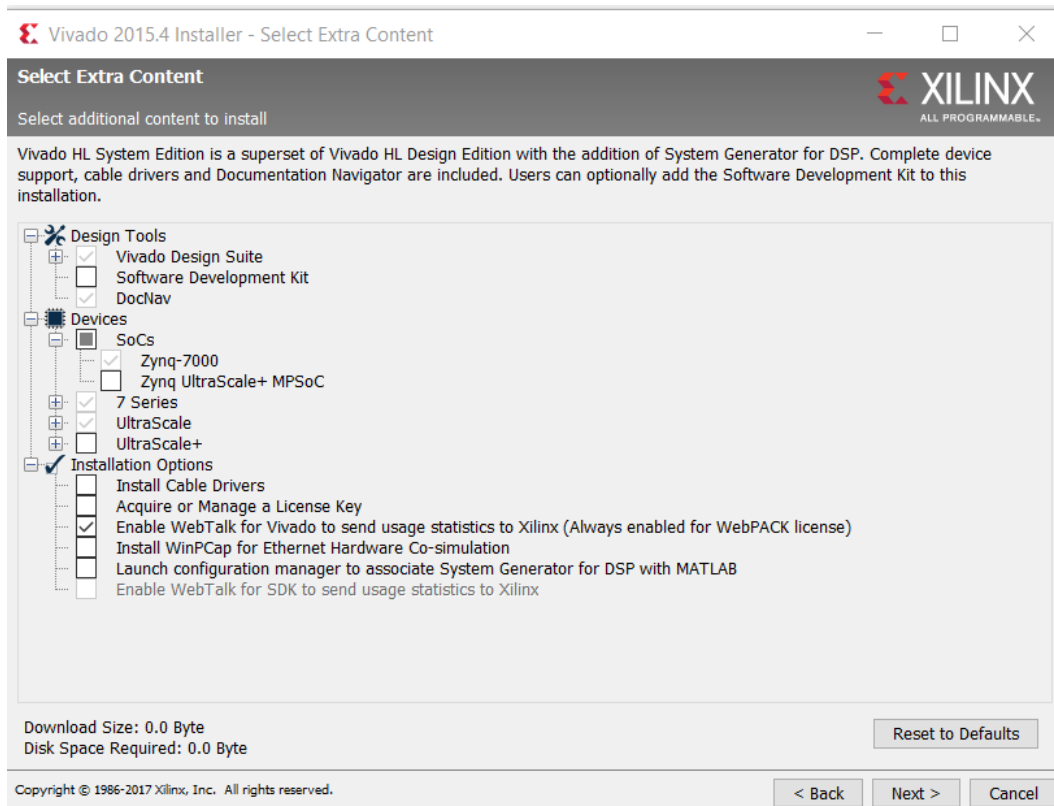

3. You will be asked to enter your account details of Xilinx. If you already have an account then enter your details otherwise create an account and then enter the details.

The screenshot shows the 'Download Authentication' window of the Vivado 2015.4 Installer. The window has a dark header with the Xilinx logo and the text 'XILINX ALL PROGRAMMABLE'. Below the header, it says 'Provide your Xilinx.com user ID and password for authentication.' The main area is titled 'User Authentication' and contains the following text: 'Please provide your Xilinx user account credentials to download the required files. If you don't have an account, [please create one](#). If you forgot your password, you can [reset it here](#).' There are two input fields: 'User ID' and 'Password'. At the bottom, there is a copyright notice 'Copyright © 1986-2017 Xilinx, Inc. All rights reserved.' and three buttons: '< Back', 'Next >', and 'Cancel'.

4. Select the Software Development Kit (SDK) and Install.

The screenshot shows the 'Select Extra Content' window of the Vivado 2015.4 Installer. The window has a dark header with the Xilinx logo and the text 'XILINX ALL PROGRAMMABLE'. Below the header, it says 'Select additional content to install'. The main area contains a tree view of content categories and their sub-items, each with a checkbox. The categories and their sub-items are: 'Design Tools' (Vivado Design Suite, Software Development Kit, DocNav), 'Devices' (SoCs: Zynq-7000, Zynq UltraScale+ MPSoC; 7 Series: UltraScale, UltraScale+), and 'Installation Options' (Install Cable Drivers, Acquire or Manage a License Key, Enable WebTalk for Vivado to send usage statistics to Xilinx (Always enabled for WebPACK license), Install WinPCap for Ethernet Hardware Co-simulation, Launch configuration manager to associate System Generator for DSP with MATLAB, Enable WebTalk for SDK to send usage statistics to Xilinx). At the bottom, there is a 'Download Size: 0.0 Byte' and 'Disk Space Required: 0.0 Byte' section, a 'Reset to Defaults' button, and a copyright notice 'Copyright © 1986-2017 Xilinx, Inc. All rights reserved.' and three buttons: '< Back', 'Next >', and 'Cancel'.
